

# Kabin Manandhar

## Lead Flutter Developer

Hello! I'm Kabin Manandhar, an experienced Flutter Developer and Team Lead with over 5 years of expertise in mobile app development. I specialize in delivering high-quality applications, managing projects, and leading teams, with a strong focus on crafting innovative solutions and exceptional user experiences. My journey has allowed me to work with diverse cultures and foreign clients, continually learning and growing both professionally and personally. With a solid background in API integrations and backend development, coupled with strategic insights from my entrepreneurial endeavors, I am eager to contribute to and collaborate on meaningful projects.
