

# KABIN MANANDHAR

FULL STACK DEVELOPER

I am a 3rd year BIT(Computing) student waiting for graduation from Islington College with an interest in programming/coding and learning different programming languages and frameworks. My speciality is to quickly grasp and understand new languages from the basic and able to upgrade as required, mostly focusing my interests on Full Stack Development, for both Web and Mobile Applications.

## EXPERIENCE

- 2018 - 2019 + PAVILION SOLUTION PVL.LTD  
NETWORK TECHNICAL ASSISTANT  
Working as a full-time learning phase Network Technician at Pavilion Solution Pvt. Ltd, where I usually troubleshoot problems related to networks and other basic computer system failures and errors too.
